

Year 3

Sandbrook Primary School

Autumn

Miss Lockwood - 3S

Mr West - 3C

BEYOND THE BATTLE

Maths

This term, we will look at place value and mental and written calculation methods. We will also be exploring measurements and statistics by measuring the perimeter of the playground and creating graphs from surveys completed in and around school.

Writing

We are starting the year with our traditional tales with a twist! We will be retelling some of the most well known stories, using our imaginations to create a different ending. We will be using drama and our favourite books for inspiration.

Reading

We will look at developing our comprehension skills with a focus on using evidence from the text to support our ideas. We also have our 'Passport to Reading' challenge that rewards those children who are regularly reading at home, for 10 minutes each night.

Science

This term we will be covering 'animals including humans' followed by 'forces and magnets' after half term. Through these topics we will be learning what our body needs to be healthy and how to safely set up and carry out experiments.

Computing

We will be developing our word processing skills and learning how to evaluate and create different layouts, combining texts and pictures.

Creative Curriculum

Our new topic is learning all about World War 2. Through this topic we will look at Britain's involvement in the war and how it began. We will be locating the countries involved on a map and learning about how lives were different during the war years through a number of different experiences.

Music

In Music we will be working on developing our skills on a variety of instruments.

PE

Our autumn term will see us developing our gross motor skills and improving our strategies in working as a team.

RE

In RE we will be learning about the Jewish faith and exploring stories from the Torah.

PSHCE

We will be focusing on improving our confidence and developing a positive mindset that we can apply to all areas of our lives.

MFL

In French we will be learning about how to greet others and introduce ourselves in French and say the numbers from 0-20.
